

# Executive Director

The Kearny Municipal Utilities Authority is seeking candidates for the position of Executive Director. The Authority is a municipal organization that operates the collection and conveyance system consisting of five pump stations approximately 9 miles of gravity sewer and 3 miles of force mains.

Executive Director is responsible for the overall sewer operations of the Authority. The position includes:

- Supervision over all administrative and operations personnel
- Attendance of monthly meetings
- Responsible for all functions of the Authority
- Maintenance oversight of all systems, equipment and property
- Regulatory and safety compliance
- Capital project planning and construction coordination
- Sewer User relations
- Budgeting
- Financial oversight

Qualifications:

5 – 10 years of sewer operations; supervision and management of personnel engaged in both daily and project level activities. College degree is desired. The following license is valued: C2 – public wastewater collection system. Salary range is requested. Benefits are available for full time employees. Resumes should be forwarded to [zbalcazar@kmua.org](mailto:zbalcazar@kmua.org) with cc to [gpaster@pasteresq.com](mailto:gpaster@pasteresq.com) at no later than October 16, 2020.
