

TOWN OF KEARNY
HUDSON COUNTY, NEW JERSEY

Alberto G. Santos
Mayor

402 KEARNY AVENUE
KEARNY, NEW JERSEY 07032

Stephen D. Marks
Town Administrator

Tree Planting Request Form

To request that a shade tree be planted in front of your home or business, please fill out this form and return it to: Department of Public Works, 357 Bergen Ave, Kearny, N.J. 07032 or fax to (201) 998-2893.

The Town of Kearny will only plant shade trees on a municipally-owned street, right-of-way or town-owned property. After receiving your request, a representative from the Department of Public Works will evaluate your requested location for suitability for tree planting.

While we aim to plant primarily native trees, we welcome input from residents and homeowners on the choice of species. The final selection will depend on availability as well as the necessity of sizing the tree to the location (considering constraints such as overhead wires, underground utilities, or narrow planting strips). New trees may require some care by the property owner (instructions will be provided.) Thank you for beautifying our town and caring for the environment!

Requestor's Name (Printed): _____

Street Address: _____ Phone: _____
